Sacred Work

Namaste' I am a Spiritual Entrepreneur walking a Path of Heart while co-creating with the Divine and encouraging others to explore the magnificence of their own being-ness. I aspire to open existential gateways for individuals to face their challenges and embrace them as the great teachers that they are. My goal is to see everyone walk in beauty and balance every day of their lives empowered by the voice of their own authentic truth.

Through Wisdom Evolution, Sacred Wisdom Workshops and The YOU FIRST Revolution, I have created opportunities for others to explore deep, personal change through experiential classes, ceremony, sacred art and story. I endeavor to inspire others to create their lives intentionally. I like to be known as an Inspirator of Everyday Awareness, an Instigator of Spontaneous Stories and a Connoisseur of Creativity. Gratitude and grace sprinkled with humility and humor are the medicine I bring to the world.

As an Elder, Author, and Entrepreneur, a Teacher, Spiritual Coach, and Crafter of Sacred Art and Tools, I perceives life's journey as an ever-upward spiraling ascension of the human spirit leading her to wisdom, wholeness and authenticity.

Credentials

I am a Graduate Teacher and Mentor with the Lynn Andrews Mystery School program. My experience includes being trained in the Harner Method of Shamanic Counseling and the Pachakuti Mesa Tradition of Cross-Cultural Shamanism. I am also an Artist of the Spirit Certified Spiritual, Energetic and Life Coach.

Interests

My interests include most anything that includes time with Mother Nature, photography, writing and teaching. “When you connect with your own truth; that authentic voice inside that says YES, you touch the Divine within you that sparks your passion, ignites your joy and takes you to new levels of being.” That is the essence of what Vicki Dobbs brings to her classes and workshops, her online programs and her stories.

Please visit Vicki’s website for a special gift and join her Facebook community for updated information on her books, art, journals, online classes, projects and workshops currently available to participate in or bring to your community.

Watch for her new books, *You First*, Practical Wisdom for Nurturing Body, Mind, Heart and Soul and *Get Off the Shelf*, You Have a Right to Be Happy (foreword by Lynn Andrews)

Click here be on the interest list for release dates and special freebies.
