*Dear Friends,*

This month of May 2013 gives me the wonderful opportunity to meet with you in person at our 25th Anniversary Joshua Tree Gathering in California. When we work together as shamans, both in the world of the physical as well as the world of spirit, we have an extraordinary chance to heal in ways that normally would be difficult to access on our own.

This is spring...a time of opening. Open yourselves to the light within you. Go deeply through the layers of the onion until there is 'nothing' or 'no thing' left. You are within the silence of power. This light filled silence can transform your life. You go beyond time and you become 'deathless'. The fears that normally drive you do not apply. You can experience freedom in this springtime. You can celebrate who you truly are, and feel the beauty of new life.

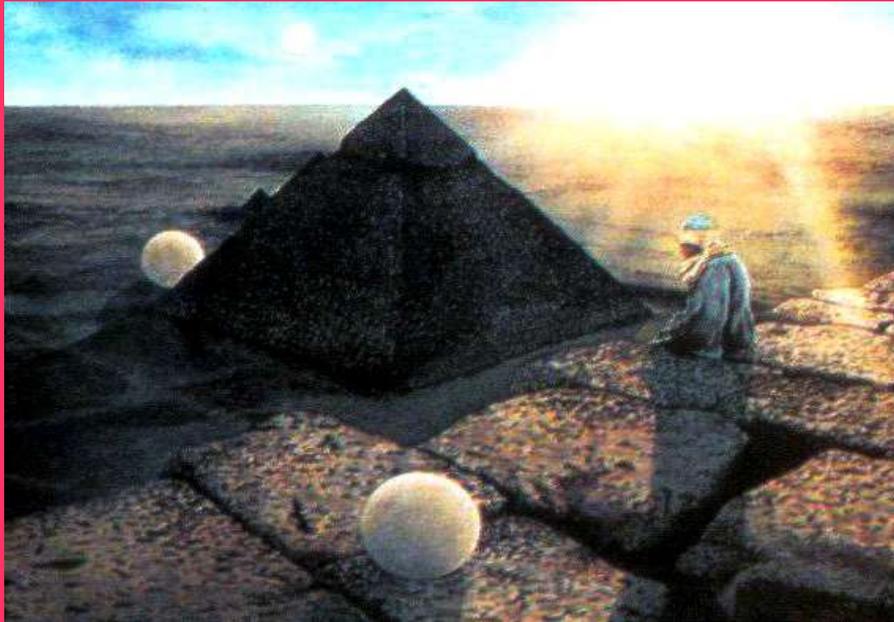

This is a time to become totally free from all the slaveries in your life. Grow separate and apart from the 'puppet masters' that control your thoughts and emotions. See yourself as a sacred being and really agree with this. Define how you stand on Mother Earth. Who is walking? Who

is afraid? Who among all of you loves the freedom in the great opportunities we have to express our creativity and inspiration?

Wherever you are in your journey, it is perfectly the right time. You are 'planted' in a good state of grace. Just allow it to grow and expand and you will be blessed with the whole of existence.

I hope to see you all so very soon at Joshua Tree.

With so much love and care,

*Power Deck Card #1 - Unknown*

**We are all pilgrims on the path to the unknown. We sit in awe and wonder at the architecture of power. Ripen the receptive void within you, like a womb accepting the seed. Open yourself to the unknowable, to what is unfamiliar to you, so that the energy of what you need in order to be whole can flow into you.**

**When you think of yourself as an entity separate from power, you will obstruct the current, and power will defeat you.**

**Identify the form of power you want – what you want to accomplish, build, create, or be – and become that, so that there is no separating you. (Unknown Card, from The Power Deck- The Cards of Wisdom)**

## *Feature Story*

Have you ever asked yourself, "Who am I? And why am I here? Really!" Then it may interest you to know that there is a way to find that out. It takes you wanting to take the time to discover that for yourself, right here and right now. If you have the courage to ask yourself again and then quiet your mind long enough to open your heart to the answers that lie within, you give yourself the opportunity to merge your subconscious self into your day to day consciousness.

Creating a Mask of Power is one of the most powerful things you may ever do to answer those questions for yourself. It may just open up for you a whole new world. A world of insight and understanding about who you are that could only have come from within your own being.

I am Denise Credle, council coordinator of the Miami Council and in 2001 I graduated from the Lynn Andrews Center for Sacred Arts and Training. My colleague and co-council coordinator Marleen Menendez and the rest of the Miami Council are sharing with you

now our testimonies and our experience with this book. We hope it will encourage you to know what we know now, because we had the courage to ask and listen and learn... [Read More.](#)

*“The story of man is the story of a search for treasures. Most search for material wealth, but we as shamans are searching for something much greater and far more vast. For us the greatest treasure is the gift of truth, and beauty, and the timeless places of power that return us to our innermost dream and make life worth living. – Lynn Andrews*

## *Council's Corner*

Miami Council Continued...

Denise aka Walkingbird aka Blue Star Woman Dreaming: The Miami Council of the Whistling Elk had it's 4th meeting on July 26th in 1998. That day we gathered and experienced for ourselves one of the teachings of the Sisterhood of the Shields as taught by Lynn's book, *The Mask of Power*. It literally changed my life as I knew it. Fifteen years later on April 27th, 2013 we, some old; some new, council members find ourselves gathering again. Same book, same teachings... using basically the same tools to create something very very new and very very powerful to each and every one of us, another *Mask of Power*. It just does not get old! Every new mask made is a mirror, a prayer and a story of the wearer; that is why I am still here and why I still do this. All the directions are right in her book. There is also a tape set of meditations recorded by shaman teacher, healer and author Lynn Andrews herself that can be used to take you on that inner journey as well. Both are available at [LynnAndrews.com](http://LynnAndrews.com)

Marlene: I like how the mask masking always connects me to a deeper part of myself in a unique and healing way.

Becky: Words fail at describing an event that shifts your energy to heal you on a soul level. The meeting was pure medicine and true magic.

John: The Mask Making classes are always healing and inspiring.

Adriana: Meditations take you where no place can take you. An amazing day full of teachings and fun.

Pablo: The meditations and the class itself was truly amazing one of a kind experience with wonderful energies and people.
