June In Spirit

Teaching

Dear Friends,

Usually we do the process of dreaming most successfully in the winter, when it is a natural time to dream and move into the inner cave of our being and hibernate. But this is a different kind of summer that has a plethora of powerful, high energies coming in from all of the higher lodges of learning in the universe.

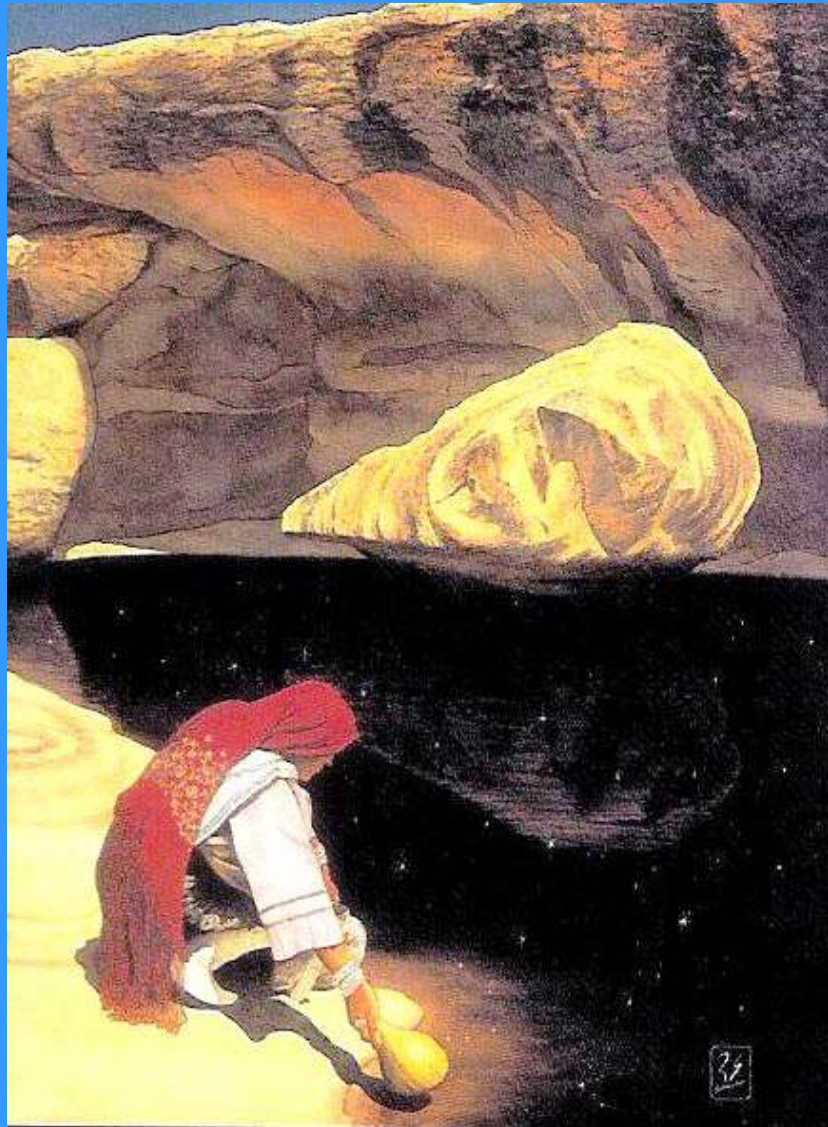

So one dreaming practice you can do is to command that your cellular memory, your tissues, and all aspects of your being now re-connect, integrate and align with your core essence through all levels of consciousness.

In other words, everything that you have ever been, every lifetime that you have ever lived, are becoming known to you, now, and in the coming year. Somewhere in our history, we have known how to transform out of our aging agreements, and our agreements about illness in our physical self. These memories will come to you as the year continues. Align yourself with Great Spirit and the divine truth you will find within you.

Return all negativity to the source, to the creative source of the universe, to the Great Spirit. No matter what you experience in this life, positive or negative, it all has the same source, for this life is a grand process of education for the soul.

With love & light,

Power Deck Card #26 - Gathering

This life is like the fulcrum on a scale of balance. Your past and future lives determine the need for gathering strength in this lifetime. There is reason for all the pain. As you gather knowledge from the infinite sea of consciousness and life experience, you begin to evolve. You fill the gourd of your spirit with knowledge, so that one day, it can be emptied and you may begin to gather wisdom. Become one with all life, and consider the true importance of what you are gathering. (Gathering Card, from The Power Deck-The Cards of Wisdom)

“The story of man is the story of a search for treasures. Most search for material wealth, but we as shamans are searching for something much greater and far more vast. For us the greatest treasure is the gift of truth, and beauty, and the timeless places of power that return us to our innermost dream and make life worth living. – Lynn Andrews
