## Lynn's Message for the New Year!

**We are coming out of the great sleeping time, a hibernation of the spirit and our creative force. We are more capable now than ever before to assimilate new elements of awareness and the growth of our consciousness.** So, in the upcoming months of spring open your eyes out of your somnambulistic dreams and prepare for the planting of new seeds, the fragrance of fresh ideas and blossoms. Whether you know it or not this is a new time for us all. History has spoken of Armageddon, the prophecies often translated as "doom". Peril can overtake us if we do not open and experience higher dimensions of consciousness.

**It is easy for us to get lost in distractions. This is a luxury that you must not permit.** This is a one-pointed time of elevating the frequency of everything you do and see. For once take the high road, stretch your dreaming, your awareness, and all that you are. For this year you come out of hibernation with a great hunger. That appetite is for a new understanding of the meaning of life. It is there for you to grasp. Eat of it and make it part of you.

### ***So Dear Beings of Light:***

You are coming out of the designed sleep of winter, a curling up that you experience within your own mind. The fragrance of mind of new things, new possibilities, is upon you. I want you to observe the learned helplessness that you may be feeling in connection with the

world situation. Examine the trickster of helplessness and consider the statement, if you will, "*for all of his humor and his depth, the trickster lives a lie*". Found in my book *Coming Full Circle* page 161.

**Your life in the spring is a gathering of seed and planting of what is meaningful for your life. Consider what you wish to plant in the coming year.** Consider carefully the trickster. We all have his testing ability within us, but that testing ability creates doubt.

The flowering tree represents the sacred center of the sun dance of our innermost dreams. **Be true to your dreams and, most of all, gather together with your kindred spirits of knowing and together make a statement of light and wisdom as a beacon against the darkness in the world.**

- 1. What is your greatest passion for this year?**
- 2. Define the trickster that lives inside you.**
- 3. What are the most important three (3) seeds that you are going to plant?**

Blessings and healing love to you all,

***This is Your Year!***

## The NEW Power Deck Cards!

From the bestselling author of original The Power Deck (1991), Lynn Andrews returns on January 8, 2019 with her NEW, yet still profoundly powerful, The Power Deck (2019), The Cards of Wisdom. These forty-five beautifully illustrated cards present revelations from the universe and mystic wisdom. An accompanying book of affirmations and meditations will help illuminate the meaning behind the images and instill them in a user's heart.

The Power Deck's cards piece together aspects of a user's personality using imagery of Mother Earth and Father Sky. They help the user to

explore and accept the positive and negative sides of themselves through the lens of nature's binaries. Stunning cards and affirmations teach users that both the shadow and light are important to personal growth and reaching higher levels of consciousness.

**To heal the earth, we must first heal ourselves.**

"The Power Deck, helps you find the primal source of your pain, or limitation, so that it can be healed. Pick a card each morning and place it on your altar of empowerment. When you look at it, you will stop for a moment to move into that silent place within you, that place where truth is born. Each card promotes beauty, health, strength, and wisdom in your life." ~Lynn Andrews

## Lynn's Guests: **Dr. Edith Eva Eger**

Join Lynn on her monthly Radio show as she interviews Dr. Eger, author of ***"The Choice: Embrace the Possible"***. Together they discuss her first book and talk about her real life in 1944 Germany and what she has learned from the experience.

Edith was a sixteen-year-old ballerina and gymnast and was sent to Auschwitz. Separated from her parents on arrival, she endured unimaginable experiences, including being made to dance for the infamous Josef Mengele. When the camp is finally liberated, she is pulled from a pile of bodies, barely alive.

The horrors of the Holocaust didn't break Edith. In fact, they helped her learn to live again with a life-affirming strength and a truly remarkable resilience. *The Choice* is her unforgettable story.
