HAPPY NEW BEGINNINGS!

My dear beautiful friends – Happy New Beginnings. I was sitting in council with the Sisterhood of the Shields recently and their joy and excitement over the hundreds of seeds that you have planted brought tears to my eyes. We are so proud of all of you. Often times when we plant ideas, concepts, seeds for the new year, we forget to reap the harvest. If we forget the reaping, then the energy circle is not completed. It is beautiful to give. It is also essential to receive. To take back the energy that is yours.

When you send out a wish for manifestation, be sure in this coming year that you are focused and clear. I'll give you an example: if you were sitting in a restaurant and you ordered a Caesar salad from the waiter and he went back to the chef and placed the order and he came back to the table and you wanted a summer green salad instead. Then the waiter goes back to the chef. They threw out the Caesar salad and begin working on the summer green salad. The waiter returns and you have

changed your mind and you want a fruit salad and so the waiter returns to the chef and they throw out the summer green salad and the shift begins working on the fruit salad. The waiter comes back with fruit salad but you've decided not to have anything and you leave the restaurant.

If you ask Great Spirit for the manifestation of your dreams in this way, nothing will ever happen because your focus is not strong and complete. **Make sure that when you place an order, a request, a dream with the Great Spirit that you are focused and clear and truly know what you want in the coming year.**

Bright blessings,

9:00 – 10:00 a.m. (Pacific Time)

Lynn's guest: **Jean Adriene**

Join Lynn on her monthly Radio show as she interviews Jean Adriene, author of "*Realities of Creation*". Together they discuss her book and talk about creating your reality.

Jean believes because we are multi-dimensional beings, we have the ability to create in several, if not many, different realities. We aren't just limited to the physical world anymore. Truly we never were, but we just weren't able to expand our minds to be able to see that. We had no frame of reference. The past is gone, taking with it all thoughts of playing small. We have found that magic lamp, and we

aren't limited to just three wishes - we can have as much (or as little) as we can handle.

Her book is a toolbox, filled to the brim with ideas to help us get outside the box of our preconceived notions and limiting beliefs. The reader can take a little from each of the contributors and play in their reality, as you craft your own methods of conscious creation that work for you - fast, with consistency, ease, and grace!
