## JANUARY 2022

---

### THE SEEDS OF 2022

My dear beautiful Friends - ***Happy New Year!***

I was sitting in Council with the sisters of the sisterhood recently and their joy and excitement over the hundreds of seeds that you have planted brought tears to my eyes. We are so proud of all of you. Often times when we plant ideas, concepts, seeds for the new year, we forget to reap the harvest. If we forget the reaping, then the energy circle is not completed. **It is beautiful to give. It is**

**also essential to receive.** To take back the energy that is yours.

When you send out a wish for manifestation be sure in this coming year that you are focused and clear. Think also in ultimate terms, think about when you will be reaping this harvest. What will it feel like? Sense the beauty of it. Observe the immensity of energy and how you affect that energy in your life. Consider that maybe you need to think bigger, dream bigger.

**It is so easy to forget who you are.**

Always remember your shimmering light that is reflected into the universe with every thought. Make your beautiful truths a living reality.

So much love in Spirit,
